University of Pittsburgh School of Dental Medicine*

*Director of Anesthesiology, University of Pittsburgh School of
Dental Medicine Center for Patients with Special Needs*

Title: Enteral Sedation in the 21st Century

Description: In October, 2007 the American Dental Association adopted "Guidelines for Teaching Pain Control and Sedation to Dentists and Dental Students." Pertinent guidelines will be reviewed and the current use of enteral sedatives in adult and pediatric patients will be presented. Issues involving sleep dentistry and multiple dosing regimens will be discussed along with basic airway support techniques, monitoring and reversal.

This course offers 7.5 hours of Continuing Education
